

# MEMORY LANE SCANS

Re-editing "Merged Doll" is my first experience with clearing and typesetting so the quality's pretty low... (I wouldn't even call what I did clearing, since everything just got messier... T-T)

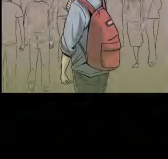

The original translation is used so all the credits go to **CHANGSTER**.  
I'd be sure if a Korean-speaking reader joins me in the future so we'd be able translate the sound effects and stuff ^ ^

Thank you very much to the original English uploaders and I mean absolutely no offense by re-uploading. I'm only fixing a few punctuation errors to make it easier to read.  
If you guys want me to stop, I will.  
Otherwise, I'll keep editing and uploading probably once every 1-2 weeks (since I'm the only one in my group T-T)

UNLESS YOU THINK ABOUT THEM, HOW CAN YOU RECORD ALL YOUR MEMORIES?

AND THAT'S NOTHING! I CAN EVEN RECALL MY PAST LIVES. IN THE PAST, I WAS
